

Because We Care

All You Need To Know :-

1) There will be 6 causes being looked by us at a time and once reaches goal new causes will be added.

2) Among the 6 causes at a time , you can show support to any of them by sending OK to that address but 80% of OK will be credited to that cause and rest 20% will be divided to other 5 causes equally to make sure none of the cause are overlooked.

3) Once a cause is completed, we donate the organization everything keeping 2.5% of the donation for running the site and its maintenance.

4) We thought of being transparent as much as possible and so Proof of donation and every other required things will be posted on the website on a page showcase after the donation has been made by us to an organization supporting that cause so anyone can verify, and donations of OK can be also verified on blockchain.

5) An Official profile “OkCashForCause#4296” has been added on discord to be able to get tipped by the users directly from the server to save transaction fees, so anyone will be able show support with as less as 1 OK. This user once hits a certain amount of OK will distribute all the donations being made from the discord server to all of the causes Equally. So in discord, users can support all the causes together.

6) Our goal is \$500 in fiat for each cause and we list the goal in OK with the average price of OK for last 30 days when the cause is added. Donated OK are daily/weekly converted to fiat depending upon the amount of OK got donated.

7) Make sure you fill the form when you donate through the website because we have a Top Contributors list where we likely be adding the names who would help us the most achieving our Goals of making the Earth a better place and you might be the one with bigger heart. But no matter with how much OK you show support we appreciate it very much and We Thanks all of you in advance! 😊

8) We also accept donation request, if you know any charity or involved with any charity doing some incredible social work and wish OkCash For Cause to support them, make sure you fill the form at Contact Page with all the information's about them. OkCash shall be always there to support good causes!
